Job Description	

JOB ID 11454: Statistical Programmer

California SoftTech Inc, a West Bloomfield Township, MI based Software Consulting Firm has multiple openings for JOB ID 11454: Statistical Programmer.

Job duties include:

- Identify business requirements through consultation, analysis, and observation, delivering innovative solutions tailored to client needs within SAP environments.
- Participate in every stage of the deployment process, including planning, implementation, testing, readiness for launch, and ongoing support after the launch.
- Develop strategies for process improvement and conduct training sessions for employees on new software/systems.
- Create technical specifications and document application functionality as reference for future maintenance and upgrades.
- Customize and implement various modules to meet client needs effectively while ensuring efficient operation and cross-functional integration.
- Prepare change request document for customization-related changes and update the customization document with the updated version.
- Provide post-implementation support and resolve critical and high-priority tickets as per the SLAs.

Requirements: Bachelor's degree in Science, Math, Pharmacy or related with at least 60 months of experience. Salary ranges between \$132,350.00 to \$137,000.00/year. Send resume to: [hr@calisofttech.com](mailto:hr@calisofttech.com) including the JOB ID. Travel and relocation to various unanticipated client locations throughout the United States may be required. Equal Opportunity Employer.
